MANY GO TO STANBERRY

Expect 200 to Attend Dedicatory Exercises and Sports There—Churches Will Have Union Service

Public schools, closed November 26 to 30.
Normal, closed November 26 to 30.
Banks, closed all day.
Newspaper offices, closed.
City offices, closed all day.
County offices, closed all day.
Grocery stores, close at 11 a. m.
Barber shops, close at noon.
Postoffice, general delivery, open at 11 a. m. to 12:30 p. m. tomorrow. City delivery in morning only.
Dry goods, clothing and general merchandise stores, closed in afternoon; some all day.

Thanksgiving will be observed in various ways by Maryville folk tomorrow, but one thing is certain, according to present plans—business will be almost forsaken during the entire day, and especially in the afternoon. A few of the business houses and shops and offices will be open tomorrow morning, but with the approach of noon and the resultant beckoning of roast turkey, chicken and other Thanksgiving edibles at home, the proprietors will hie away, forsaking dull care and the dollar.

One of the observances tomorrow morning will consist of a union service of all Protestant churches in the First Presbyterian church at 10 o'clock. The Rev. Lewis M. Hale pastor of the First Baptist church, will deliver the Thanksgiving address. A special musical program has been arranged.

A general feeling of thankfulness for the many blessings of the last year appears to pervade the air even today, and more smiles and cheerful greetings than usual are heard to pass from friend to friend today on the streets. The extremely pleasant fall weather of the last few days also has aided in promoting a general feeling of thankfulness while the farmer, husking his matured corn and marketing the fatted stock, cannot help but lift up a silent prayer for the bountiful blessings the harvest brought.

The railroad employes, expressmen, telephone operators and a few others will naturally have to pass through Thanksgiving day tomorrow in the ordinary routine of work, but yet arrangements are being made to make the load as light as possible for them. The Burlington will cancel the local freight both ways tomorrow, while the slackening of telephonic communications on a holiday or Sunday, always permits of more rest to the operators.

Thanksgiving dinners will predominate over town tomorrow and many are home-coming affairs that will be held. The larders have been well filled and the Thanksgiving dinners everywhere look mighty promising.

Motoring parties will be plentiful tomorrow afternoon, and many will take the cheaper and perhaps healthier way of getting out into the open by walking.

About two hundred will go from here to Stanberry tomorrow morning to attend the dedicatory exercises of the new St. Peter's Catholic church there tomorrow. William Blatter, local secretary of the Knights of Columbus, expects fully 250 on the special train which will be operated from here to Stanberry in the morning, many of them coming from St. Joseph and towns between here and Stanberry.

The special will leave here at 8:30 o'clock. It will carry four coaches and a baggage car. Returning the excursionists will be accommodated with extra coaches on No. 3, which arrives here at 7:20 o'clock tomorrow night.

Various athletic sports will be given there tomorrow in addition to the dedication.

Bishop Maurice F. Burke of St. Joseph, head of this diocese of the Catholic church, will arrive here tonight or tomorrow morning and accompany the Maryville aggregation to Stanberry. The Maryville band also has been engaged to participate in the Stanberry exercises tomorrow.

END QUITMAN HEN SHOW

Three Days Poultry Exhibition Draws Many Prize Fowls—Make Award Today.

The initial poultry show of the Quitman Poultry club, which began at Quitman Monday morning ends this afternoon with the announcement of prize awards by E. L. Andrews of this city, judge of the poultry exhibits. The show, though the first one there, drew many drawing card birds from quite a distance from Quitman. Some of the Maryville poultry fanciers placed entries.

The exhibition was well patronized, too, through the session, which indicates that the poultry exhibition will be an annual affair and business men in general of Quitman and Burlington Junction offered premiums for best exhibits.

The entry receipts constituted the cash prizes.

FEW THANKSGIVING WEDDINGS

But One Marriage License Is Issued Within Several Days Here.

A license to marry was granted in the office of recorder of deeds this morning to Roy G. Cassel, 21 years old of Hopkins to Miss Beulah M. Hector, 21 years old, of Rochester. The wedding is to be held tomorrow.

This is the only pre-Thanksgiving marriage license to have been issued by Recorder J. Arthur Wray for several days, indicating that few young couples of Nodaway county, expect to celebrate Thanksgiving tomorrow with a nuptial. Many years, the pre-Thanksgiving list of applicants for marriage licenses equals if not excels that of Christmas and New Year's.

Why the falling off, is unknown to recorder and minister.

KIDS FEAST TOMORROW.

Elks Expect to Feed Sixty at Club With Thanksgiving Dinner.

Arrangements are being made by the Elks to feed sixty or more boys and girls, ranging in ages from 5 to 15 years, in the dining room of the Elks club at noon tomorrow. Music also will be given to help entertain the youthful guests. Among the delicacies planned by the fraternal brethren are roast chicken, dressing, cranberry sauce, pies, cake and ice cream.

The feast tomorrow will be the third annual one given to boys and girls on Thanksgiving day. About sixty took advantage of the Elks' hospitality last year.

Receive Parcel Post Cart.

The postofice today received a cart to haul the parcel post packages in. It is a good sized cart, with lid on, and many packages can be taken care of. It will be used to deliver parcel post packages in the city.

KILLS BROTHER, 14

DAWSON BOY AIMS AT RAT AND SHOOTS COMPANION.

HAND SLIPS; FIRES GUN

Donald McAtee Killed Instantly When Vervil, 12, Accidently Discharges Weapon—Funeral Today.

Donald McAtee, 14-year-old son of Mr. and Mrs. Eli McAtee, a farmer who live two miles northwest of Burlington Junction, was killed instantly by his brother, Vervil McAtee, 12 years old, by the accidental discharge of a shotgun at their home at 5 o'clock yesterday afternoon. The two brothers were hunting rats at the rear of the McAtee residence when the accident occured.

Donald had taken up a chase of a rat and was stooping slightly to catch it, when Vervil attempted to cock the hammer to the shot-gun he held in his hands. His fingers slipped, letting the hammer spring back against the plunger. The discharge struck Donald in the back of the head, almost severing the top portion from the body. He died instantly. They were but six feet distant.

Dr. William Wallis, Jr., of this city, was called there immediately to hold an inquest, but on arriving deemed such unnecessary.

Vervil is said to be almost prostrate with grief today over the accidental killing of his brother. The McAtee family consisted of the two sons and two daughters, Blanche, 17 years old and Beulah, 5 years old.

The funeral to Donald was held at the McAtee residence at 1:30 o'clock this afternoon. The Rev. John W. Love, pastor of the Christian church of Burlington Junction conducted the services. Burial was held in the Possum Walk cemetery, five miles northwest of Burlington Junction.

PRIZE SKATER IS HERE.

Vincent Martin of St. Joe, Takes Local Experts for Mile Whirl.

A one-mile roller skating contest was held in the Grammer rink, over Knox's garage last night, between Vincent Martin, of St. Joseph, who claims the roller skating championship of Northwest Missouri, and Earl Claycomb of this city. Martin made the run of about thirty-two laps in 5:03, winning by a good margin. William Battreall, of St. Joseph, substituted for Claycomb after the sixth lap.

A two-mile roller skating race will be put on tonight between Martin and a relay team of Maryville consisting of William Grammer and Clyde Kegin.

In a preliminary race of six laps between Grammer and Bert Woodard, a time of 1:10 was made.

A masquerade skate will be held at the hall tomorrow night.

Dinner at A. M. E. Church.

A thanksgiving dinner will be held tomorrow at the A. M. E. church by the members of that church. Everything good to eat will be had including baked turkey, baked chicken, baked duck, dressing and gravy, sifted peas mashed potatoes, pickles, sweet potatoes and o'possum.

Returns to Skidmore.

Mrs. John Gaukel of Skidmore, left yesterday for her home, after a week's visit with Mrs. Joseph Cornell, on East Second street. She had been visiting relatives in Iowa and came here from there.

GET COOL RECEPTION

State Road Expert and Party Spend 10 Minutes Here on Run.

A rather cool reception was accorded to State Highway Engineer F. W. Buffum and C. F. Adams of Chillicothe, president of the Interocean Highway association, and the remainder of their party, who arrived here at 7:30 o'clock last night on a cross-state run. After reaching here they spent about ten minutes with the nine Tarkio road boosters who escorted them from Stanberry yesterday, then motored on to Tarkio.

They attended an oyster supper there and spent the night. They expect to complete the cross state run at Omaha, Nebr., today

Although E. H. Bainum of this city, is vice president and Edward Curfman is a committeeman of the association, no notice whatever was given them it is said, of the contemplated inspection tour of the highway. For that reason, it was not deemed good policy to show them consideration last night. Little interest is being taken in the county in the new road.

RETURNS FROM GERMANY.

Methodist Pastor Receives Notice of Brother's Arrival—Visit in Kansas City.

A telegram was received yesterday by the Rev. Gilbert S. Cox, pastor of the First Methodist church, from his brother, Ernest Cox, who arrived in New York City yesterday after a two year's stay in Berlin, Germany. Mr. Cox is on his way to his home in Kansas City, where he expects to arrive tomorrow morning. Mr. and Mrs. Cox of this city will leave tomorrow morning for Kansas City to visit the lately returned brother and Mr. Cox's parents.

If the pulpit can be filled here satisfactorily Sunday, Mr. and Mrs. Cox intend to remain in Kansas City about ten days. Ernest Cox has been studying music in schools and under private tutorship in Germany for the last two years.

He says the war made little if any change in Berlin, and only by the appearance of soldiers and the bulletins of newspapers and war offices would one know that a war was in progress, so calmly do the people there take it. He expects to remain in this country indefinitely.

MANY SHIP TO MARKET.

High Prices and Uneasiness from Cholera, Increases Hog Shipments.

The advanced prices in hog sales at the St. Joseph market Monday, together with the uneasiness in the county over the spread of the cholera and the quarantining of states on account of the foot and mouth disease, caused a noticeable increase in both cattle and hog shipments from Nodaway county yesterday. Practically all went to the St. Joseph market.

Among the county shippers to St. Joseph yesterday were:

Ballard Bros., Will N. Wray, Sam Mattson, Ray Baas, Dougan & Hill, William Stagle, L. Pilsenboyer, P. Richardson, A. E. Klaas, W. E. Hanley, William Ramsey, R. Masters, J. B. Nunnelley, Robinson & Co., John Stundon, Jr., M. B. Sherlock, G. H. Swaney, F. G. Johnson, B. A. Godfrey, J. G. Maier, Joe Holker, J. R. Turner, Roscoe & Eaton, M. C. Carman, E. R. SCHOOL TROPHY ARRIVES.

County Prize is Received After Long Delay—Had Most Teachers.

The silver loving cup awarded recently to the county in Missouri which had the biggest representation of teachers in the state association, which turned out to be Nodaway county, arrived here yesterday. It was delayed in transit. It now is on exhibition at the office of Prof. W. M. Oakerson, county school superintendent.

It was sent here from the county superintendent of St. Charles county, which county won the trophy last year. It is held from year to year by the county winning the prize.

File Expense Statements.

According to expense statements filed with County Clerk George W. Demott yesterday, the political campaign this fall cost A. S. Robey, defeated Democratic candidate for representative, $36.90. William Blackford, successful Democratic candidate for presiding judge of the county court, says he spent $50 to get there.

HUSBAND TO PEN

SO BURLINGTON WOMAN SEEKS TO DIVORCE HIM.

IS IN IOWA PRISON

Mrs. Clyde Gardner Brings Suit for Legal Separation—He Gets Three Years Sentence.

Following the conviction of her husband for adultery and sentence to three years in the Iowa state penitentiary for the offense, Mrs. Alice M. Gardner of Burlington Junction this afternoon filed suit for divorce from Clyde L. Gardner. The suit was filed with Circuit Clerk Eugene Rathbun by Shinabargar, Blagg & Ellison, counsel. Gardner now is serving his sentence in the state prison at Fort Madison, Ia. A summons has been issued by him there.

The petition alleges that Gardner was tried and convicted of the alleged offense in the circuit court of Union county, at Creston, November 13, following his arrest a few weeks previously on complaint of Mrs. Gardner. The woman arrested with Gardner was released.

Mrs. Gardner, in her petition, says they were married here in 1895 and lived together until September 8, 1913, when he left her. Two children, Ernest W., 17 years old, and Carl E. Gardner, 13 years old, were born. She asks for the custody of them and also part of the three lot in Burlington Junction owned by Gardner, and which are valued at $800.

The case is docketed for trial in the circuit court here in the January term.

PIRATES ARE CHAMPIONS.

High School Basket Ball Tourney Near Close—Ruffians Defeat Sluggers.

Only one basket ball game was played at the high school yesterday afternoon on account of first squad practice. It was between the Sluggers and the Ruffians, and resulted in a defeat for the Sluggers, 22 to 15.

The Ruffians played evenly and together and always kept a few points ahead of their opponents from the start. It enabled the Pirates to cinch the championship, although they did not play.

The first team of the high school will go to Maitland tomorrow for a Thanksgiving day game. This will be the second game for the Maryville team. It has one victory over Pickering. The standing:

	Won.	Lost.	Pr.ct
Pirates	9	2	.818

BROTHERHOOD TO MEET.

Session Changed from Thursday Until Friday Evening.

The regular meeting of the Brotherhood of the First Methodist church will be held Friday night at the church instead of Thursday night. The change is made on account of the numerous other affairs on Thanksgiving night.

The banquet, which the Brotherhood had planned to give Friday night has been postponed until a later date. The postponement is made because of the absence from the city of Rev. G. S. Cox.

VICTIM OF BLOOD POISONING.

John Lahr, Formerly of This City, Dies This Morning.

Mr. and Mrs. Matt Lahr left this morning for St. Joseph, where they were summoned by the death of their son, John Lahr, who died shortly before the arrival of his parents.

Mr. Lahr had been suffering several weeks with blood poisoning, caused by an infected carbuncle. His parents were in St. Joseph last week, and as his condition was improved, they returned home Saturday evening. He became suddenly worse yesterday evening and died about 9:30 o'clock this morning.

Mr. Lahr was about 45 years old was born and educated in Maryville. He had made his home in St. Joseph for a number of years. He is survived by a wife and one daughter.

Among the Maryville relatives who will go to St. Joseph tomorrow to attend the funeral will be Mrs. John Kirch, Nick Schumacher and daughter, Mike Lahr and P. J. Lahr.

FORGETS BATTLE ANNIVERSARY.

Dr. D. C. Wilson Too Busy Today to Remember Battle Wound.

Fifty-one years ago today Dr. D. C. Wilson, 315 East Seventh street, has his right eye injured by a piece of an exploding shell striking it, while engaged in the civil war battle of Missionary Ridge, Tenn., but today he was too busy to even remember it, let alone celebrate the occasion. What with helping his wife get ready for entertaining Thanksgiving guests tomorrow and overseeing some house and cistern improvements at his home, Dr. Wilson gave up all efforts to observe the occasion, even after being reminded of the occasion.

Dr. Wilson was with the Second Minnesota Volunteer infantry. He was commissary sergeant most of the three years he was in the war, but fought through the battle of November 25, 1863, with a vim.

MUSIC CLUBS ENTERTAIN.

Glee Clubs and Quartets of High School Conduct Assembly.

The recently organized glee club and quartets of the high school gave their first program yesterday afternoon. They had complete charge of a twenty-five minute assembly and did well for their first appearance. The two glee clubs and two quartets gave two selections each and the quartets also responded to encores.

A comic selection by Doris Sayler and Philip Colbert furnished quite a little amusement.

The girls' quartet is composed of Amy Clark, Kathleen Chittenden, Leah Norris and Ruby Irwin. The boys' quartet consists of Jesse Strader, Verne Pickens, Howard Snodgrass and Don Roberts.

Another program probably will be given soon. Several visitors were present at the assembly yesterday afternoon.

TO MOBOLIZE THE ARMY

Portuguese Congress Decides to Co-Operate Against Tentons—Germans Surrender to Russians.

London, Nov. 25.—The Portugese congress has decided that Portugal should co-operate with the allies when it considers the step necessary, after a conference yesterday, according to a dispatch from Lisbon. The minister of war is preparing to issue a decree for the partial mobilization of the Portugese army.

Portugal has a possible army of 40,000 men to throw against the Germans immediately it is said, while more could be mobilized on short notice.

London, Nov. 25.—In describing the capture of Germans in fighting near the river Bzura, the Daily Mail's correspondent at Petrograd says:

"Three German regiments were caught with their backs to the river and suffered heavily from the Russian artillery, while the Russian infantry was creeping ever nearer. Their only way of escape was across the river, but this attempt was frustrated by the Russian calavry. Seeing their position was hopeless the whole force, amounting to two and one-half regiments, surrendered."

O give thanks unto the Lord for He is good; for His mercy endureth forever.

He watereth the hills from His chambers; the earth is satisfied with the fruit of thy works.

He causeth the grass to grow for the cattle, and herb for the service of man; that He may bring forth food out of the earth.

PROFITS TO FEED STEERS CORN.

State Expert Believes Matured Product Could Be Used Economically.

Does it pay to grind corn for fattening 2-year-old steers? The Missouri experiment station has been investigating this question for the last two years. While this investigation is not yet completed, results obtained up to the present time indicate that more rapid gains in live weight and a quicker finish may be expected by the use of ground grain. Cattle also feed more uniformly on ground than on whole corn. There is no doubt but that 2-year-old steers will much more completely digest ground grain, and the finer it is the more completely it will be digested.

The work at the Missouri college of agriculture shows clearly that when ground corn is fed fewer hogs are needed to follow the steers. The figures obtained indicate that from 17 to 22 per cent of the value of the ear corn fed to steers should be charged to the hogs, while with finely ground corn chop it will not be more than 3 to 4 per cent. The evidence concerning the total gain in live weight on cattle and hogs per bushel of corn fed is not yet conclusive. It is not likely that there will be much difference between feeding ground or whole grain if the hogs are properly cared for and if the feeding is done in lots which are reasonably free from mud.

The Wabash will run a Kansas City special tomorrow.

FRENCH ISSUE 6 WEEKS' REPORT

Official Statement of Operations of Allies In Northern France.

GERMAN EFFORT PROFITLESS.

Gauls Declare That Kaiser's Pet Scheme Was Effectively Frustrated by the Help of the Combined Armies. All Attacks Repulsed.

Paris, Nov. 25.—The following summary of the military operations of the last six weeks was given out officially:

"With the fresh success of the allies in the battle of Flanders, the moment has come to recite the accomplishments of the last six weeks. These may be summed up as follows:

"The formidable effort undertaken by the Germans during this time, first to turn our left wing, and, second, to penetrate it, has resulted in failure. By this effort the enemy was endeavoring to make good his defeat on the Marne; instead he only added another check to the one he suffered in September. Nevertheless, in order to flank us in accordance with its recognized method, the German general staff neglected nothing along that portion of the front extending from the Lys river to the sea. It massed between the beginning of October and the beginning of November, four corps of cavalary and two armies, comprising in all fifteen army corps.

"The German attack was an effort first to occupy Dunkirk and reach Calais or Boulogne. They tried to flank us and to cut the direct communication of the British with the sea.

Attacks Repulsed.

"Beginning the 5th of November the attacks were repulsed. From the railroad we marched toward the Yser, rolling up the enemy who had succeeded in crossing to the left bank of this stream and drowning his rear guards in the floods. One can still see near Ramscappelle German cannon half buried in the mud and the corpses of German soldiers half submerged.

"Then the enemy, finding it impossible to get around our flank, endeavored to cut through. This was the battle of Ypres, an engagement desperate, furious, relentless and unsuccessful.

"For close on to three weeks we stood up against repeated frantic assaults. Every one of them was repulsed. On Oct. 30 the British troops had been obliged to withdraw for several hundred yards before a powerful onslaught of the enemy. Our troops, attacking in conjunction and at the same time with our allies, were successful in re-establishing the impassable barrier which closed the approaches to Ypres. That which was done here by our army corps, working in close harmony with the English corps, is worthy of a place in the finest records of military history.

Enemy Succeeded at Ypres.

"On the 12th of November the enemy had succeeded at a point north of Ypres in crossing the canal. By the 13th he had been driven back. Also on the 12th the enemy succeeded in occupying a certain territory in the region to the south of Ypres, but this territory was recaptured from him. On the 15th the attacks of the enemy were less intense and our position became impregnable. This result was obtained by the Belgian army, under the orders of General D'Urbal, together with the participation of the armies of Generals De Maudhuf and De Castlenau.

"These three armies constituted the group of armies under the command of General Foch. The two last mentioned contributed brilliantly to our success by repulsing all the attacks directed against them and by occupying between the Oise and Lys several positions of importance.

"The losses of the Germans have been considerable. They undoubtedly exceed 120,000 men. In certain trenches there have been found more than 2,000 corpses. This in spite of the fact that we know that the Germans, whenever it is possible for them to do so, remove their dead from the field of battle.

Rout the Germans.

"It was all an indication of the importance of our success. The greatness of the result obtained by us becomes particularly significant and striking if one will realize that the Germans themselves always regarded the breaking of our line at Ypres as most important. In checking their offensive movement we inflicted upon them a most humiliating defeat.

"We furthermore have obtained results, the importance of which should be set forth. They are: The Belgian army having been driven from its own land, Emperor William was not only on the point of realizing his project to proclaim at Ypres the annexation of this courageous nation, but he was also on the point of glorying in the annihilation of at least one of his adversaries. This double satisfaction was refused him. If Dunkirk, Calais and Boulogne had been taken, Great Britain would have been hampered in communicating with its army on the continent. Finally, France in maintaining impassable the front of its armies from the sea to Arras, adopted the best and most efficacious guaranty against a return to the offensive movement of the enemy on Paris."

YOUTH FRIENDS; WED AT 77

Famous Senator's Cousin Would Marry Woman, 68, of Same Name.

After having known each for more than half a century, John H. LaFollette, 77 years old, of Rantoul, Ill., formerly of this vicinity, got a marriage license from Recorder of Deeds J. Arthur Wray this afternoon to marry Mrs. Sarah E. LaFollette, 68 years old, of Saxton, Buchanan county. Though of the same name, they are of no blood relation. The romance that is woven through the lives of the two, in which the two often mingle, is an interesting one, however.

They will be married either tonight or tomorrow morning by the Rev. Lewis M. Hale, pastor of the First Baptist church, at the parsonage. They will then go on a honeymoon to St. Joseph, and later go to Rantoul to make their home.

In the days of their youth the now aged couple were near neighbors back in Ohio. They first met when she was 17 years old. They often played together and grew up as children do, with a fondness for each other, but which did not culminate in a betrothal. He married another girl and came west, fifty-nine years ago, settling on some government land near the Iowa line, north of Hopkins, along with his brother-in-law, Thomas Wright.

Soon afterward the civil war broke out and Wright enlisted in the Union cause. LaFollette prepared to return to his parents, then in Indiana, but was taken by some southern "bushwhackers" and brought to Maryville. He, with others, was delegated to guard this city for two night from Union attack. Later he was released, when he returned to his home.

Mrs. LaFollette also married, and by chance of fate to a cousin to her new husband-to-be, who lived but a half mile from each other when boys. Both are double cousins to Senator Robert LaFollette of Wisconsin, who several years ago was placed in the limelight as a possible president of this country.

The husband of Mrs. LaFollette having died and Mr. LaFollette having been left a widower, about fifty years back, several months ago the two began to cast "love lighted" eyes at each other. The engagement followed. The marriage here will culminate.

Though of no relation, she calls him "Uncle John" and he calls her "Aunt Sarah," a habit contracted while both were youths back in Ohio, because their little nieces always used those terms.

FRENCH DEFEAT TRIBESMEN

Gauls Fighting Another War In the Hills of Morocco.

Paris, Nov. 25.—While the main armies of France have been striving to hurl back the German invaders from their home soil, the French colonial army has been waging a small war against the fierce Berber mountain tribes in Mcrocco.

Great numbers of these tribesmen, belonging to the Zaaian confederation and under Chief Moha Ou Hamoum, assembled at a vast camp in the Khedinia region, according to a long report to the French government by General Lyautey, resident French governor in Morocco.

Colonel Leverdure, commanding at Khenifra, lost no time in setting out with a column, according to the report, and succeeded in surprising and destroying the camp Nov. 13, but on the way back was assailed by great numbers of tribesmen and was only able to fight his way back to the station with a loss of a number of officers and a hundred European soldiers. The artillery horses having been killed, part of the war material had to be abandoned.

Khenifra, an isolated post, was then subjected to a regular siege, but all attacks were beaten off by severe losses. Meanwhile Colonel Duplessis, commanding the territory of Zeedia, with 3,500 men, and Brigadier General Henry from Fez, with 7,000 men, marched to the relief of the besieged camp. The two columns joined at Khenifra, Nov. 19, and drove back the invaders to the mountains and recaptured the war material.

Get License to Wed.

A marriage license was issued in the office of the recorder of deeds this afternoon to Ula Ulmont, 21 years old, of Hopkins, and Miss Inez Azora Lawlor, 20 years old, of Hopkins.

To the Thanksgiving Feast:

Now let the housewife's nets be cast,
And all the poultry kind
Begin to realize, at last,
For what they were designed.
Now let your clan of cousins meet,
And talk their blessings o'er,
And voice their thanks for what they eat,
By eating all the more;
Now let your industry's reward
Achieve a fair display,
And hearts and stomachs thank the Lord
Alternately all day.

STARVING BELGIANS PILLAGE AND SLAY

Civilization Set Back Several Centuries by the Conflict.

Bruges, Belgium, Nov. 25.—In some aspects civilization has been set back several centuries by the war in parts of Belgium. Conditions in Bruges and the surrounding region are so unsatisfactory that the entire countryside seems likely to return to a state resembling the period of the religious wars in the Sixteenth century, when the famishing population resorted to stealing, plundering and smuggling.

Such occurrences are being reported now along the Dutch frontier. They have led to sanguinary fights between Belgian smugglers and German soldiers and Dutch frontier guards. Lawless elements of the population are raiding farms, killing or wounding the occupants and stealing their possessions.

The Germans are doing whatever they can to preserve order. Marauders are pursued relentlessly.

In cities like Antwerp prices of the necessaries of life have risen greatly. The German authorities, while refraining from the imposition of direct taxation, demand large sums from the people through a complicated system of stamp taxes. These taxes are imposed for infraction of any one of the many petty rules which have been made.

All the Austrian troops who were engaged so actively in the operations at Antwerp have disappeared.

Much Grain Through Panama.

Washington, Nov. 25.—The largest single item of cargo passing through the Panama canal thus far has been shipments of grain for European countries from the United States Pacific ports, according to the canal record. In two months and a half ending Nov. 1, seventeen eastbound vessels passed through the canal, carrying a total of 122,258 tons of grain, consisting of 72,932 tons of barley and 49,326 tons of wheat.

Hyomei the Great Catarrh Remedy—"Just Breathe It" and Be Cured.

Do not try to cure catarrh, head colds, or snuffles by taking drugs. These common but dangerous ailments that often cause the loss of hearing cannot be cured that way. The common sense method is to breathe Hyomei, which gets the medication right where it is needed to heal the raw and inflamed lining of the air passages.

Hyomei is a mixture of antiseptic oils—you breathe it—no bother; no disagreeable medicine; simply use the inhaler a few times daily and this health-giving medication will quickly soothe and heal the irritated tissues, stop distressing, choking and unclean discharges—you breathe freely—dull headaches cease, and every catarrhal symptom soon vanishes.

There is nothing more simple and safe to use, or that gives such rapid and lasting benefit as Hyomei—and the Orear-Henry Drug company sells it on the "no-cure-no-pay" plan.

Two years ago she discovered Mayr's Wonderful Stomach Remedy—and she has been well since. Mrs. Hilman took but a few doses. She writes.

"I suffered with stomach trouble almost twelve years. I tried many doctors, but received no help until, while in Cleveland, Ohio, I read your notice in a paper and concluded to try Mayr's Wonderful Stomach Remedy. Since then I have felt like a new woman.

"I took only four bottles, but that was all that was needed to make me well. It has been almost two years and I have had no return of my trouble."

Similar accounts of the remarkable results of the use of Mayr's Wonderful Stomach Remedy came from all parts of the country. It clears the digestive tract of mucoid accretions and poisonous matter. It brings swift relief to sufferers from stomach ailments, liver and intestinal disorders. Many declare it has saved them from operations; many are sure it has saved their lives.

We want all people who have chronic stomach trouble or constipation, no matter of how long standing, to try one dose of Mayr's Wonderful Stomach Remedy—one dose will convince you. Corns Quit, Pains Stop, With "Gets-It"

Quit Plasters, Salves and What-Nots.

After using "GETS-IT" once you will never again have occasion for asking, "What can I do to get rid of my corns?" "GETS-IT" is the first sure, certain corn-ender ever known.

If you have tried other things by the score and will now try "GETS-IT," you will realize this glorious fact.

You probably are tired sticking on tape that won't stay stuck, plasters that shift themselves right onto your corn, contraptions that make a bundle of your toe and press right down on the corn. Put two drops of "GETS-IT" on that corn in two seconds. The corn is then doomed as sure as night follows day. The corn shrivels. There's no pain, no fuss. If you think this sounds too good to be true try it tonight on any corn, callus, wart or bunion.

"GETS-IT" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

"GETS-IT" is sold in Maryville by O'rear-Henry Drug Co.

ARMIES BATTLE WITHOUT ISSUE

Decisive News From Poland Expected Hourly.

BRITISH SHIPS SHELL TOWNS.

Zeebrugge and Heyst Bombarded by English Fleet—Quiet Continues In Snow-Covered Fighting Ground In France and Belgium.

WAR SUMMARY

Uncertainty still exists as to the exact situation in that part of Russian Poland between the Vistula and Warta rivers, where the Russian and German forces are engaged in heavy fighting.

Petrograd claims that the Germans are retreating. Berlin, on the contrary, announces officially that the forces of Emperor William merely have halted in the face of unexpected hordes of Russian reinforcements and are awaiting strengthening columns from the German front.

To the south the Russians say they had successes along the Czento chowa-Cracow front and have captured 6,000 prisoners.

Only intermittent artillery duels and a few infantry attacks were reported from the western zone in France and Belgium. Paris said all the attacks had been repulsed.

London, Nov. 25.—Official statements concerning the battle in Russian Poland are contradictory, but decisive news is expected hourly.

A thorough victory by either Russia or Germany would vitally affect the course of the winter campaign both in the east and in the west, but there is no assurance that there has been any definite result, although Petrograd messages declare that the Russians have inflicted at least a temporary reverse upon the Germans in the angle between the Vistula and Warta rivers.

Says Germans Fleeing.

Both combatants have achieved these strokes before without settling the fortunes of war permanently. The correspondent of the Paris Matin describes the Germans as fleeing, while the latest Petrograd official bulletin says that the Germans are retreating.

Berlin announces officially that the issue has not yet been decided.

On the snow-covered fields of Belgium and France quiet continues, the only unusual incident being the bombardment of the towns of Zeebrugge and Heyst by British warships with a few shells, which struck where the German staff was quartered and other buildings, while the German shore batteries were unable to reach the warships in reply.

Communication Suspended.

The Hague reports that railway communication with Antwerp has been suspended and that no travelers will be admitted to Belgium during the next few days. The Germans are believed to be on the eve of another assault upon the allies' defenses, but for the time being there is a nearer approach to rest for the armies spread out from Ostend to Verdun than at any time in the last two months.

Portugal has taken the final plunge into the European war. The Portuguese congress decided that the country should co-operate with the allies when it considers the step necessary and the minister of war will issue a decree for partial mobilization.

The greatest loan in England's history—$1,750,000,000—has been successfully floated by the Bank of England.

Berlin reports that the bundesrath has passed laws to prevent and to punish speculation in gold, to fix the prices of potatoes, to limit the consumption of bread in Berlin and to extend the moratorium applying to bills of exchange in Alsace-Lorraine, East Prussia and parts of West Prussia another thirty days, making its extent 150 days.

Russians Repulse Turks.

Petrograd, Nov. 25.—The following announcement from the general staff of the Russian army in the Caucasus was made public:

"In the region of the Toporuk river (Russian Armenia) the battle increased in intensity. In the direction of Erzerum we threw back the Turks on the whole of the front and forced them hurriedly to retreat. Our troops are still pushing them energetically."

Germans Violate Chile's Neutrality.

Santiago, Chile, Nov. 25.—An official statement issued by the maritime authorities says that it has been proved that German warships have violated the neutrality of Chile by staying for several days in the Juan Fernandez islands, capturing two neutral ships, seizing coal and provisions and sinking the French vessel Valentine a half mile distant from the Chilean coast.

Richard Croker Will Take Bride.

New York, Nov. 25.—Richard Croker, former leader of Tammany Hall, is to be married tomorrow. Mr. Croker is seventy-one years old and a widower. So closely has the secret been guarded that the full name of the bride-to-be was not obtainable. She is a Mrs. Dickinson of Brooklyn and it is believed Mr. Croker has known her for only a short time.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

1915 WHEAT AREA GREATEST OF ALL

Largest Field Ever Sown to Cereal to Be Planted Next Year

Washington, Nov. 25.—The greatest wheat area in the world's history will be planted for the 1915 harvest as a result of the European war, is the opinion of Charles M. Daugherty, statistical expert of the department of agriculture. In a report Mr. Daugherty says:

"As a result of the war in Europe a world-wide tendency exists to increase the acreage of wheat. Doubtless the most extensive area in the history of the world will be seeded during the present autumn and coming spring.

"A prospective heavy demand for this important food grain by the importing countries of western Europe is likely, if seeding conditions favor, to give extraordinary stimulus to sowings of both winter and spring varieties in the two great exporting countries of North America and to those sowings now being finished under auspicious circumstances in British India.

"In Europe, where ordinarily more than half the world's wheat is produced, the indications are that all available labor resources, in both neutral and contending nations, will be utilized to the utmost for getting in full or increased areas. In Italy 1,000,000 acres will be added to the crop.

"In the contending countries extraordinary efforts are being exerted in autumn seeding. The services of women and children, men exempt from military service, refugees, prisoners of war and soldiers temporarily relieved from the ranks are being utilized in the fields. Because of strained labor conditions and of the occupation of certain territory during seed time by contending troops, some local contractions of area seem inevitable. The reduction, however, is likely to be compensated by increased sowings in neutral nations.

"In western Europe, particularly in England and France, the autumn sowings of wheat are somewhat in arrears, but as a large part of these countries is favored with a mild climate, making sowing operations possible at times during the entire winter, little anxiety is expressed over the present delay. Reports from Germany and other countries of central Europe indicate that seeding operations have been carried on with activity."
